Permanent supportive housing: 65 apartments for women who have experienced chronic homelessness and mental illness. Rent is subsidized and residents can access extra support like onsite case management.

HELPING TO HEAL

A YW clinical care manager worked with residents who live in our permanent supportive housing to make individualized calming toolkits. Residents each identified strategies and tools that would be personally helpful for coping with life's stressors. Each item in the kit (such as playdough or a mini journal) has a specific purpose to practice mindfulness, to give sensory input, or to refocus the body and brain.

RESIDENT & SHELTER CLIENT VOTING OUTREACH

YWCA Dayton hosted a Get Out the Vote rally for women in our domestic violence shelters and permanent supportive housing.

Many survivors of domestic violence, sexual violence, or human trafficking don't want to register to vote because they want to keep their address confidential for safety reasons.

At the rally, YW staff promoted Ohio's Safe at Home program. This confidential voter registration program helps survivors of abuse safely register to vote by receiving a substitute address on their voter registration forms and on official records.

PROMOTED 4 POLICY PRIORITIES

- 1** **Racial justice**
Eliminate policies & practices that criminalize people of color
- 2** **Civil rights**
Protect the rights & safety of marginalized communities
- 3** **Gender-based violence**
Prevent violence & protect survivors
- 4** **Economic opportunity**
Remove barriers to & expand opportunities for women's successful workplace participation

GRADUATED OUR 2ND LEADERSHIP COHORT CENTERED ON RACIAL & GENDER JUSTICE

The Sojourn Leadership and Justice Academy convenes and cultivates young women leaders as community change agents for racial justice, gender justice, and economic empowerment to build a community led by equality and empathy. Eight women graduated from the cohort.
